

## COLOR AND DESIGN OPTIONS

All the features of Aurora Times-2 come together to give you a galaxy of choices. We have the widest color selection in the industry, twenty-six beautiful colors. Aurora products are also available in unlimited custom colors to create the look you want, and to blend with the space you already have.

### Color Options

Specify Gloss-Tek™ powder coat finish in unlimited beautiful colors with metallic options.

### Where Design Meets Science

A healthier future, a special new Gloss-Tek™ finish incorporates antimicrobial properties.

### Task Area Countertops

The center units of Step-Up, Step-Down require a laminate countertop (order separately). Upgrade to real wood counters in Wood-Tek in oak, ash, maple, cherry or mahogany in ten stains.

Add outlet grommets as an upgrade to laminate or Wood-Tek counters.

### Our Environmental Pledge

We use environmentally friendly Gloss-Tek™ powder coat on our Aurora products. This finish is 100 percent non-emissive, free of formaldehyde, methanol, and other solvents; and completely friendly to artifacts, specimens, and documents.

*No wonder we say that with Aurora, any color you choose is "green."*

## TIMES-2 SPEED FILES®

### STEP-UP, STEP-DOWN

**AURORA**™

Step-up to storage, space, and quality

# STEP-UP TO USING ALL YOUR SPACE

Times-2™ Step-Up, Step-Down – It's a simple concept, two tall 'steps' on the upside, two small steps on the 'downside' to give you plenty of storage and filing plus a task area.

The exclusive Step-Up, Step-Down\* System is designed for the office that needs compact multimedia storage and work space all in one.

The two center units feature a task area with countertop\*\* that is great for printers, fax machines, copiers, phones, mail meters and more.

## BE CREATIVE, USE STEP-UP STEP-DOWN:

- Under low windows to use wasted space
- Between workstations for shared storage
- Under thermostats or wall-mounted controls
- Conference rooms with drop screens or smart boards
- Executive suites for storage and credenza use
- Dental or health care offices for filing and copying
- Mail rooms
- Common work areas
- Hall station environments along partition walls

\*Patent pending interconnect

\*\*Countertop required, order as separate item

# TIMES-2 SPEED FILES®

Trying to fit a world of information into traditional filing systems is a frustrating task. That's why we've developed Times-2 Speed Files, a compact storage system that rotates for fast access from either side, and gives you double the depth for more multimedia storage.

A single 7-tier Times-2 Speed File gives you almost as much filing capacity as three traditional lateral files, so you can store more information and save floor space at the same time.

\*\*Units may be reconfigured to expand the system. Contact your Aurora dealer for additional information.

\*Plus-Size units increase slightly in height for applications outside the range of a regular unit.

Times-2 Step-Up, Step-Down is preconfigured as a bank of four units\*\* in letter or legal size ready for outfitting with any Times-2 storage accessory. Two tall end units in your choice of 7 different sizes flank two smaller center units in either 2- or 3-tier heights.

A countertop (order separately) is required for the two center units. Wall closing strips and extended canopy tops provide a finished look.
